Assistant Director for Legislative Reference  
Office of Management and Budget  
Washington, D.C. 20503

Dear Mr. Frey:

This is in response to your legislative referral memorandum of 9 April 1985, asking the Agency for review and comment on Senate Resolution 90 (S.Res. 90). This non-binding resolution calls for the public release of classified information contained in an Executive report to Congress on noncompliance by the Soviets to the unratified SALT II and other arms control treaties to which the Soviets are a party.

In accordance with your request we have reviewed S.Res. 90 and note that the State Department has replied in opposition to the resolution. We concur in the opinion of the State Department and defer to their views.

Sincerely,

/s/Charles A. Briggs

Dear Mr. Chairman:

Thank you for the opportunity to comment on S. Res. 90, "Relating to the Soviet Arms Control Violations Report of 1985." The resolution refers to the President's classified message to the Congress of February 1, 1985. In fact, the unclassified report was forwarded under that date; the classified report was dated February 7, 1985.

Six of the classified issues included in the February 7 report have not yet been raised with the Soviets. One involves very sensitive intelligence matters and, at least for the present, will neither be raised with the Soviets nor publicly released. Before addressing the question of publicizing any judgments on the remaining issues, we believe it is important that they should be raised with the Soviets first, which we intend to do, where appropriate. As we continue to work on these issues, we will keep the Congress informed in detail and will, to the maximum extent possible, also keep the public informed of our findings.

The Office of Management and Budget advises that from the standpoint of the Administration's program there is no objection to the submission of this report.

Sincerely,

J. Edward Fox  
Acting Assistant Secretary  
Legislative and Intergovernmental Affairs

Richard G. Lugar, Chairman,
